On January 26 E. A. Morse tapped several maple trees by the road side near his house and for two days and a half had a good run of sap. Mr. and Mrs. Alfonso Harriman who were guests at the Morse home on the evening of the 26th can vouch for the good quality. So can Archie Fournier and Dalbert Laverture who were passing by at midnight and hearing the sap dropping in the buckets thought a drink of new sap in January was worth the asking. Fire which broke out at about 9:30 Sunday evening destroyed the plant of the Hardwick Polishing company, and the loss is considerably larger than the insurance of \$1,500. The cause of the fire has not been determined.
